

2017-2022 Healthcare Preparedness and Response Capabilities and Performance Measures

6 Domain Strategies and 4 Capabilities
Budget Period 1
July 1, 2017 - June 30, 2018

COLORADO

Office of Emergency
Preparedness & Response

Department of Public Health & Environment

Purpose of Healthcare Preparedness and Response Capabilities

The Office of the Assistant Secretary for Preparedness and Response (ASPR) leads the country in preparing for, responding to, and recovering from the adverse health effects of emergencies and disasters.

ASPR provides clear expectations and priorities for HPP awardees and the HPP-funded Healthcare Coalitions (HCCs) in the Funding Opportunity Announcement (FOA) that begins on July 1, 2017.

Performance Measures BP and per FOA

Domain	Activity	HCC	PM
1. Strengthen Community Resilience	Partner with Stakeholders by developing/Maturing HCC	Must define/implement governance structure by September 30, 2017	#3 Additional structural guidance FOA
		Must ensure core membership: Hospitals (2), EMS (Interfacility/other non-EMS patient transport system), EM organizations, Public Health Agencies	#3
		Must Document: Structure and Must be prepared to submit to an HPP FPO if requested: HCC Membership, Org. structure to support HCC activities, member guidelines for participation, policies/procedures, integration with state, local and member specific IM structures	#3
		Once boundaries are established, must coordinate with all ESF-8 lead agencies	#3

Performance Measures BP and per FOA

Domain	Activity	HCC	PM
1. Strengthen Community Resilience		Must develop a Preparedness Plan and submit March 31, 2018. Plan Must be approved by all core members. Must update as necessary and after exercises and real events. Must be approved by core members. Additional members must be given opportunity to provide input to plan and all member organizations must receive a final copy	#4 Additional structural guidance FOA
	Characterize the Probable Risk of the jurisdiction & HCC	Must complete and submit an annual Hazard Vulnerability Assessment (HVA) by December 31, 2017. HCC must have opportunity to provide input into state JRA	#10 (HCC input into JRA)
	Characterize Populations at Risk	Must review the mapping data for the CDPHE/OEPR Colorado Community Inclusion within their HCC region at least twice annually and indicate in reporting spreadsheet in CoSHARE	#6 (a & b)

Performance Measures BP and per FOA

Domain	Activity	HCC	PM
1. Strengthen Community Resilience	Characterize Populations at Risk	Refer to FOA for complete list inclusive planning for populations at risk.	
	Engage Communities & Healthcare Systems	Sustainability and HCC Value: See FOA for list of activities to promote HCC sustainability	
		Must engage its members healthcare executives in debriefs (“hot washes”) related to exercises, planned events, and real events. Additional recommendations in FOA to work with/engage community leaders	#14
	Operationalize Response Plans	HPP, PHEP awardees and each HCC as part of a statewide effort, must conduct a joint statewide exercise (functional or full scale) once during the project period to test progress toward achieving the capabilities	

Performance Measures BP and per FOA

Domain	Activity	HCC	PM
2. Strengthen Incident Management	Establish Incident Command Structures for Healthcare Organizations	HCC must ensure assistance with members with NIMS implementation throughout project period	Additional structural guidance FOA

Performance Measures BP and per FOA

Domain	Activity	HCC	PM
3. Strengthen Information Management	Share Situational Awareness Healthcare and Public Health Systems	HCC must provide situational awareness data as requested. Must agree to participate in current and future federal healthcare situational awareness initiatives for the duration of the five-year project period	Additional structural guidance FOA
	Share Emergency Information & warnings across disciplines, jurisdictions, HCCs and their members	HCC conduct redundant communication drill twice annually and indicate in reporting spreadsheet in CoSHARE	#12
4. Strengthen Countermeasures	Manage Access to and Administration of Pharmaceutical Interventions	HCC Must understand their jurisdictional SNS distribution plans. Must be engaged in development, training and exercising SNS distribution plans. Collaborate with PHEP to assist HCCs with closed POD plans	

Performance Measures BP and per FOA

Domain	Activity	HCC	PM
Strengthen Countermeasures	Manage Access to and Administration of Pharmaceutical Interventions	HCC purchasing pharmaceuticals or other medical material must document strategies for acquisition, storage and rotation. Strategies must be made available to FPO if requested. No specified BP for this activity.	Additional structural guidance FOA
	Ensure Safety and Health of Responders	HCC must equip, train, and provide resources necessary to protect responders, employees, and their families from hazards during response and recovery operations. No specified BP for this activity.	
5. Strengthen Surge Management	Address Mass Care Needs	Serve as planning resource for medical needs	
	Address Surge Needs	Serve as planning resource and SMEs to PHEP for family reunification. Collaboration with PHEP for planning resources during infectious disease outbreak. See FOA for details for list of joint activities.No specified BP for this activity.	

Performance Measures BP and per FOA

Domain	Activity	HCC	PM
5.
